(2018-08) VIO: 565K

Application-Specific Engineering

While Pentastar 3.2L and 3.6L V6 oil filter housings have looked similar since 2011, there are real differences between model years as oil filter flow rates and sensor designs changed. Because these housings are responsible for both cooling and filtering engine oil, it is critical to their performance that these components match the original design.

Tech Expert® PN	Year Range*	OEM Oil Pressure Sensor	OEM Oil Temp. Sensor	Oil Filter Flow Rate
EOF100	2013-2011	5149062AA	5149077AB	12L / Minute
EOF101	2016-2014	5149062AA	5149077AB	10L / Minute
EOF136	2018-2016	68295556AA	N/A	10L / Minute
EOF103	2019-2017	68295556AA	5149077AB	10L / Minute
EOF104	2022-2019	68334877AA	5149077AB	10L / Minute
EOF111	2024-2022	68334877AA	N/A	10L / Minute

Correct and Complete

Only Tech Expert® offers complete assemblies with the correct components already installed

*Model year data varies by application. Please refer to the Tech Expert® Brand catalog for year/make/model-specific components
