

SWITCHES AND RELAYS

1

NAPA® Echlin® offers nearly 10,000 high-quality Switches and Relays in hundreds of categories

2

Echlin® has more than 250 Oil Pressure Switches, representing 270M repair opportunities

3

Most switches and relays are entirely powertrain neutral, meaning they fit gas, diesel, hybrid and electric vehicles

**What's in your box?™
Here's what's in ours.**

Growing Market

Driven by electronic safety systems, additional passenger comfort features and infotainment systems, the number and complexity of switches on vehicles continue to grow. These additional switches will help create more service opportunities for both traditional automotive repair facilities and collision repair shops.

The Automotive Switch Market is Forecasted to Grow 43% by 2028

Source: Automotive Switch Global Market Report 2024, Business Research

Impact on Vehicle Systems

If a switch shorts out, it may pull the reference voltage down with it and cause other sensors and components to not work properly

Any time a load-bearing electrical device fails, it is highly recommended to also replace the corresponding relay. It is good insurance on the new part

Newer brake switches are more than a simple on/off switch, so they need to be calibrated after they are replaced. Failure to do so may affect starting, the start/stop system, ABS system, and electronic throttle control system

Your Complete Program

Echlin® offers thousands of precision-engineered Switches across multiple categories. Our Switches are designed for both reliability and correct performance in all conditions.

Visit NAPAEchlin.com for more details on the Switches we offer for specific vehicles.

Echlin® Switch Program

Chassis and Drivetrain Switches

- Clutch Starter Safety Switches
- Four Wheel Drive Actuator Switches
- Four Wheel Drive Selector Switches
- Fuel Pump Cut-Off Switches
- Neutral Safety Switches
- Transfer Case Switches
- Transmission Control Switches

Body Light Switches

- Back-Up Light Switches
- Courtesy Light Switches
- Hazard Light Switches
- Headlight Dimmer Switches
- Headlight Switches
- Instrument Panel Dimmer Switches
- Stoplight Switches
- Turn Signal Switches

Interior Switches

- Cruise Control Release Switches
- Cruise Control Switches
- Fuel Tank Selector Switches
- Liftgate Release Switches
- Clock Spring Switches
- Parking Brake Switches
- Power Door Lock Switches
- Power Seat Switches
- Power Window Switches
- Remote Mirror Switches
- Windshield Wiper Switches
- Fog Lamp Switches
- Power Sunroof Switches
- Trunk Release Switches
- Vehicle Ride Height Switches

Ignition Switches

- Ignition Switches with Lock Cylinder
- Ignition Push Button Switches
- Ignition Starter Switches

Pressure and Vacuum Switches

- Oil Pressure Switches
- Power Steering Pressure Switches
- Transmission Oil Pressure Switches
- Valve Timing Oil Pressure Switches

Your Complete Program

Echlin® has more than 1,300 Relays that cover more than 200 different categories. Our complete Relay program ensures that you find the part you are looking for, with the quality and performance you expect from Echlin®.

Echlin® Pro Training Tip

On NPAEchlin.com, you can search "relay" and quickly filter by amperage and terminal type.

Echlin® Pro Training Tech Tip

As experienced ASE-certified automotive technicians themselves, Echlin® Pro Trainers are experts in engine and switch technology. Here's what they say to look out for during an install.

Some switches, such as power window switches, are actually a module and require programming and calibrating after replacement. Always refer to service information for complete repair instructions prior to ordering parts

Many modern switches are simply an input to a module. During the diagnostic process, technicians should scan for DTCs in all modules, use data to monitor the input from the switch, and bi-directionally control the driven device to ensure that it is functional

Echlin® Professional Training

**Award-Winning In-Person, Live
Virtual, and Online Learning**

Echlin® Pro Training delivers accredited classes that educate technicians in the latest automotive repair technologies, and techs can earn CEU credits.

An extension of Echlin® training, our extensive YouTube video library has over 700 technical and installation videos.
